Picture this: You hire talent virtually, remote to your branch, and you need to get a paycard to them without all of the related expenses and logistical issues. Or, your talent has lost their card and needs a replacement quickly, and they don't work close to your office. With CHANGE Virtual Card, your agency can send paycard information to a talent's smart phone, within minutes.

- Talent can activate the virtual card and save it to their mobile wallet
- Virtual card can be used to purchase goods, access wages, pay bills and get cash
- Eases the remote hiring experience, as well as lost card replacements
- After virtual card is activated, a personalized CHANGE® card is automatically mailed to talent in 7-10 business days. Once activated, the personalized card will replace the virtual card, and payroll direct deposits remain unchanged
